The Service Cycle: Mapping the Guest Journey

Walker's introduction to hospitality often revolves around the concept of the "service cycle." This involves meticulously mapping out every touchpoint a guest has with a hospitality establishment, from the initial inquiry or booking to their departure and even post-visit engagement. Analyzing each stage allows businesses to identify potential pain points and opportunities for enhancement. Anticipating Needs: The Power of Proactive Service

A cornerstone of Walker's teachings is the principle of anticipating guest needs before they are even articulated. This goes beyond simply reacting to requests; it involves understanding typical guest patterns and preferences.
